CL05	Obsolete
CL20	Obsolete
CL40	Obsolete
CX200	Obsolete
GL300T	Obsolete
GL350	Obsolete
PAPBH	Obsolete
TX700T	Obsolete
VX500TS	Obsolete

REPAIRS

Red Lion will continue to repair the Paradigm series of interfaces as long as parts remain available.

SIMILAR REPLACEMENTS

Red Lion's newer G3 series of HMI offers incredible features, at a price that's typically much lower than that of the Paradigm range. While not mechanically identical, the following chart represents the most similar models that may be used as replacements for the Paradigm models.

-- Continued --

Paradigm Series	Consider the following…	
	G3 Series	G3 Kadet Series
CL01 – text only CL05 – text only CL20 – text only CL40 – text only CX200 – text only	G303 – 3" LCD graphical G306A – 5.7" TFT touchscreen	G304K – 4.3" TFT touchscreen G306K – 5.7" TFT touchscreen
GL300T – Monochrome touchscreen	G306M – 5.7" Mono touchscreen G306A – 5.7" TFT touchscreen	G306K – 5.7" TFT touchscreen
VX500TS – 7.7" STN touchscreen	G308C – 7.7" DSTN touchscreen G308A – 8.4" TFT touchscreen	N/A
TX700T – 10.4" touchscreen	G310C – 10.4" touchscreen	N/A
PAPBH – External Profibus module	G3PBDP - Expansion card for G3 series	N/A

The above models are not mechanically identical to the Paradigm series. The G3 and G3 Kadet families are programmed with Red Lion's free Crimson 2.0 software. Please visit our web site www.redlion.net, or contact us directly, for more information.

Kind Regards
