

Product End of Life Notice

April 8, 2015

As the marketplace continues to migrate to 3G and 4G LTE networks and sales of 2G cellular devices decline, Red Lion announces the obsolescence of all Sixnet series 2G-only versions of the BT 6400, SN 6400 and RAM 6400 cellular products.

Red Lion is offering a last-time-buy for these products on or before June 30, 2015 with immediate shipment, subject to product availability.

We will continue to provide technical support, offer repair services and honor product warranties for as long as components remain available.

Customer Migration Path

Part Numbers Affected	Replacement Part Numbers	Notes
BT-6401-XX BT-6421-XX BT-6401EB-XX BT-6401-XX-AC BT-6421-XX-AC	SN-68XX (HSPA+) or SN-66XX (EDVO)	3G variants of the SN 6000 are the preferred replacements for the BT 6000 products. Refer to our website to select the appropriate model depending on cellular carrier.
SN-6401-XX SN-6421-XX SN-6401EB-XX SN-6401-XX-AC SN-6421-XX-AC	<u>3G</u> SN-68XX (HSPA+) or SN-66XX (EDVO) <u>4G LTE</u> SN-67XX	Migrate to SN 6000 3G or 4G LTE variants. Refer to our website to select the appropriate model depending on cellular carrier.
RAM-6401-XX RAM-6421-XX RAM-6401EB-XX RAM-6401-XX-AC RAM-6421-XX-AC	<u>3G</u> RAM-68XX (HSPA+) or RAM-66XX (EDVO) <u>4G LTE</u> RAM-67XX	Migrate to RAM 6000 3G or 4G LTE variants. Refer to our website to select the appropriate model depending on cellular carrier.
