

DECLARATION OF CONFORMITY

regarding Industrial IT Certification

With reference to Industrial IT Enabled Level HW Certificate:

2PAA105819 _ Sixnet SL-5ES-1, it is hereby stated that all the following product(s):

SL-5ES-2/3, SL-6ES-4/5, SL-8ES-1, SL-9ES-2/3

belongs to the same product Class (family) as the product Sixnet SL-5ES-1 certified according to the certificate stated above. The products have the following items in common with the referred product:

- Communication hardware
- Configuration Manual

The products in the list are tested and approved according to the same process as the referred product.

Date: April 7, 2010

CERTIFICATE

Certificate Id: 2PAA105819 _ Sixnet SL-5ES-1

Category:	Unmanaged Industrial Ethernet Switch
Product Name:	SL-5ES-1
Software Version:	N/A
Hardware Version:	-
Vendor:	Sixnet Sixnet Technology Park 331 Ushers Road, Ballston Lake NY 12019 USA
Certification Test Report:	3BSE061059
Certification reference:	System 800xA Version 4.x, 5.x
Restrictions:	-

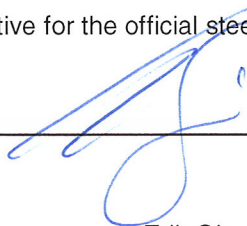

The certificate states that the product specified above has passed the test towards the specified integration category. The certification has been performed by an official certification center, approved by the official steering body for the Industrial IT Certification.

The basis for the certificate is documented according to the Industrial IT Certification – Document Number 3BSE037356. The certificate is valid for the above mentioned Product versions until the next major release of the certified product or the certification reference system with a major release of the certified product or the reference system, a new certification is required to keep the certificate current.

SL-5ES-1

Industrial^{IT} Certification

Unmanaged Switch

- Auto-sensing for speed and duplex
- Intelligent message routing-No collision
- Fast wire speed switching
- Full or half duplex operation with flow control supported on all ports
- Auto-sensing for speed and duplex

Certification results and product details are summarized below:

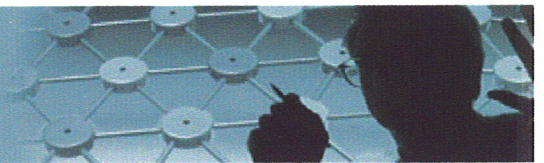

Product Overview	
Fast Ethernet	5 RJ45 Ports 10/100 Base TX
Gigabit Ethernet	No
Compact Flash Interface	No
Console	No
System LED Indicator	Power, Speed, Link
Alarm Contact	No
Digital Inputs	No
Input Voltage	Redundant Input voltage 10-30 V DC
Operating temperature	-10°C to +60°C
Connection	Removable 4-pin terminal block
Power Consumption	2 W
Casing	IP30
Installation	DIN Rail Mounting or direct to panel

Product Details in tested sample	
Fast Ethernet	5 RJ45 10/100 Base TX
Gigabit Ethernet	No
Afw-file	Yes
Models included in test	SL-5ES-1

Engineering	
Configuration and installation	Unmanaged

SOLUTIONS FOR YOUR INDUSTRIAL NETWORKING CHALLENGES

Designed for Industrial Applications

The SL-5ES-1 is a 5 port industrial Ethernet Unmanaged switch that provides advanced performance that enables to achieve real-time deterministic operation.

The ruggedized switches are industrial hardened to provide superior reliability.

The SL-5ES-1 switch closely supports the 800xA Extended Automation System Value Propositions as noted below:

800xA Value Proposition Mapping

Reducing Risk through High Integrity Automation

- Adapted for Industrial Ethernet
- Mechanical form factor improves lifetime

Investment Enhancement through Evolution

- Continuation in product development
