

Visualize Data Onsite Or Virtually

HMI AND PANEL METERS

HMI OPERATOR PANELS

Graphite®, CR3000, CR1000

- Touchscreen models from 4" to 15" available
- Powered by Crimson software with over 300 protocols including OPC UA data model from device downloading tool
- Built-in web server allows remote monitoring and control
- IEC 61131 control capabilities with optional I/O module
- Data logs accessible via FTP or Microsoft® SQL Server™
- Send alarms or logged files via email and/or text
- Graphite outdoor/sunlight readable versions available

PANEL METERS

PAX, CUB5, PAX Lite

- Award-winning solutions from the industry's number one brand
- Wide range of models, sizes and capabilities
- Display count, rate, time, voltage, current, process, strain gage and temperature
- Field-upgradeable models available
- Field-installable option cards for easy upgrades include setpoints, retransmitted analog and communication

LARGE LED DISPLAYS

LD2, LD4

- Analog, digital and serial inputs
- Digital output
- Communications capability
- 2.25" and 4" models available

PM-50

- 3.5" and 4.3" graphical display with full color touchscreen
- Analog and digital models
- Easy to connect: Wi-Fi, Modbus/RS485, Ethernet & RS232
- Easy to integrate - 1/16 and 1/8 DIN Panel Cut-out
- Easy to program: wizard, app & web browser
- Alarm notification
- Modular construction
- Smart Device Connectivity

Red Lion is focused on being THE Industrial Data Company™. We empower industrial organizations around the world to unlock the value of data by developing and manufacturing innovative products and solutions to access, connect and visualize their information. Red Lion's global manufacturing and support facilities serve customers in factory automation, alternative energy, oil and gas, power and utilities, transportation, water and wastewater industry segments. We provide scalable solutions for cloud connectivity, edge intelligence and asset management, industrial Ethernet switches and industry-leading panel meters and operator panels, to make it easy for companies to gain real-time data visibility that drives productivity.
